

# 3CU: Workers' Compensation for your Energy (Gas & Oil) Operations

Third Coast Underwriters (3CU) specializes in servicing the needs of the oil and gas (energy) industry with a dedicated loss control, claims and underwriting team to meet your expectations and exceed your requirements. Using our individual account servicing model, our 3CU team conducts a thorough assessment allowing us to design a workers' compensation program that will deliver you the best outcomes for your insurance dollar.

Examples of energy operations that we write, subject to our \$150,000 minimum, include:

- Drilling consultants
- Drill site preparation
- Electrical wiring
- Equipment rental with or without operators
- Fresh water and salt water well drillers
- Geologist
- Millwright
- Mud loggers
- Pipe inspection
- Refinery contractors
- Rig moving
- Salt water hauling – non-trucking transport
- Tank cleaners – non-hazardous, remotely controlled
- Transmission/power line construction
- Vacuum truck service
- Welding

## Excluded operations

- Oil and gas drilling crews
- Operations with explosives
- Professional employer organizations (PEOs)
