

Risk Management 411

Third Coast Underwriters' (3CU) Risk Management 411 is a risk management system designed to:

- Be simple to use
- Provide powerful and immediate information
- Be proactive and align the customer, broker and 3CU with a strategic platform to actively reduce loss costs.

Included as part of our standard package, **Risk Management 411** offers a wealth of features, including:

- **Customizable Dashboard:** With more than 30 customizable panels, you can monitor your organization's performance in key areas quickly and effectively through the use of graphical, powerful data.
- **Fast Search Functions:** You want answers quickly, so we provide access to information you'll want in language you can understand.
- **Comprehensive Claims Data:** Click on any field to drill down to claim-level data or search for common features. Plus, it'll enable easy identification of loss cause patterns.
- **Details You Need:** Find claim development, adjuster notes, litigation strategy and more for all of your claims.
- **Task Management:** Develop tasks associated with claims or locations, manage tasks with priority and due dates to track progress, or assign tasks to others, including your employees, your broker and 3CU staff.
- **Clear Comparisons:** Compare your classifications or losses by location, region or supervisor. We also can establish location-specific dashboards and provide Google Maps integration.
- **Robust Reports:** Comprehensive data is included with more than 50 standard report templates. Custom reports, automatic delivery and data charting are also available.
